- United States : +1 (646) 558-8656
 - Meeting ID: 556 149 142

Antitrust Policy Notice

- Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.
- Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at <http://www.linuxfoundation.org/antitrust-policy>. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrave of the firm of Gesmer Updegrave LLP, which provides legal counsel to the Linux Foundation.

buildtest - Software Stack Testing Framework

#36 opened 15 days ago by shahzebsiddiqui 10 of 22

- We received a total of 1 new request for the current cycle
- Recall that we need a minimum of 5 reviews:
 - Site reps (Chris S, Derek, Eric)
 - Comp. development reps (Jeff)
 - Other volunteers?
- Proposed reviewer deadline: **Friday, November 2nd**
- Proposed deadline for next submission boundary (after SC'18)?

December 7th, 2018

1.3.6 Release - WIP for SC'18 release

- Note: Change in plan regarding ARM HPC compiler builds:
 - heard from ARM folks that they are working on a new compiler family release which will have better Fortran compatibility going forward
 - won't be ready for SC, but shortly thereafter
 - plan to introduce ARM HPC builds in subsequent ohpc release (v1.3.7)
- Majority of remaining CI testing looking ok, but do have some remaining items to work thru
 - PBS Pro (need to restore environment propagation in latest version)
 - CharlieCloud
 - GeoPM on SLES
 - MVAPICH2 for OPA (hopefully resolved as of this am)
